

Work at home or live at work

The complexities of new working arrangements

The following groups expressed concern that working remotely would negatively affect their career:

Almost half (**48%**) of young workers aged 18 to 24

Almost **two thirds (60%)** of Indigenous workers

46% of racialized workers

44% of immigrants and **60%** of recent immigrants

(versus **36%** of those born in Canada)

Who's working where?

44% of employed Canadians continue to work outside the home

28% of employed Canadians have been working from home

16% worked from home on some days but not every day

6% were already working from home before the pandemic and have continued to do so

6% could not answer, perhaps because the wording did not fully capture their work situation

Which provinces are most and least likely to have people working from home?

● Most likely
● Least likely
